Summary

My name is Sviatoslav, I'm 19 y.o., and I am recent college graduate. During college I have taken active part in creating and supporting website for my educational establishment. I am passionate about developing sites with awesome and friendly user interface. Have experience in working with JS and React library. Besides everything, I'm active, responsible and have nice soft skills and ready to face hardest tasks.

Skills

HTML/Semantic layout	Git	React
CSS	JavaScript	Redux Toolkit
